Finally, and perhaps most consequentially, 2018 was the year that tech companies lost the benefit of the doubt from governments. This was a result of a growing body of investigations, academic research and enterprise reporting detailing the ways in which social platforms have been used to undermine democracy.

Taylor Owen

Diplomatic rank is a system of professional and social rank used in the world of diplomacy and international relations. A diplomat's rank determines many ceremonial details, such as the order of precedence at official processions, table seatings at state dinners, the person to whom diplomatic credentials should be presented, and the title by ...

Country Reports on Human Rights Practices for 2017

Power in international relations is defined in several different ways. Modern discourse generally speaks in terms of state power, indicating both economic and military power.

Power (international relations) - Wikipedia

In other areas, Europe could give diplomacy a shot in the arm where the U.S. appears to have abandoned it. European leaders could press Saudi Arabia and Iran to open a channel of communication, even as the U.S. appears to encourage escalation.
