### **Problem-Based Learning in Higher Education**

Problem based learning is used in many medical schools in the United Kingdom and worldwide. This article describes this method of learning and teaching in small groups and explains why it has had an important impact on medical education. [1] The group learning process: acquiring desirable learning skills In problem based learning (PBL) students use triggers from the problem case or scenario to define their own learning objectives. Subsequently they do independent, self directed ...
