Here are checklists for proper internationalization (i18n), localization (l10n), globalization (g11n), etc. Web Sites With Internationalization And Localization Guidelines and Resources

Internationalization (I18n), Localization (L10n)

In computing, internationalization and localization are means of adapting computer software to different languages, regional differences and technical requirements of a target locale. Internationalization is the process of designing a software application so that it can be adapted to various languages and regions without engineering changes.
