I have a pdf document that was created with the 8.5 x 11 inch page sideways. When I open it, it appears that way and I simply rotate the view so it is readable. But I need to upload it to a site which rejects it because it is "landscape instead of portrait". I've tried to rotate the view and save a copy, but when I open the new file it is back in sideways view again. The changes don't seem to ...
